Where **Abilities** Overcome Disabilities

## Our Mission

To teach, mentor, support and showcase the artistic talents of adults with disabilities in the New Orleans area

## Our Program

We hold art classes twice weekly that provide individualized guidance for each artist to explore their own mediums and artistic direction. All of our current artists have a developmental disability and attend our Day Program at Crossroads, LA Inc. Pictured from top to bottom are four of our artists, Demetria, Elizabeth, Kenny and Isaac.

Proceeds from artwork sales or donations provide supplemental income for our artists and directly fund art supplies and classroom costs to keep the program going and growing.

## Our Goal

Create a dynamic space for local artists with disabilities in the New Orleans area to enjoy self-expression through painting, music and theatre
